CELEBRATING
100 Years
OF SERVICE

To whom it may concern:

It gives me great pleasure to recommend Palm Garden Depot for the outstanding landscaping performed here at Le Pavillon Hotel.

I contacted Mr. Costello on October 10, 2006 requesting that he furnish an estimate to us to purchase six Medjool Palm trees with at least 16 foot of clear trunk and to include the cost of removing the existing trees, cut concrete planters to prepare the ground area and plant the Medjool palms.

I was impressed at how detailed the estimate was that I received along with the total cost; which was the lowest bid for the value received.

The work was started on November 22, 2006 and completed in one week, without complication. Mr. Costello supervised all the work personally.

Should you wish to speak to me personally, I can be reached at 504-620-4150.

Sincerely

Edward Morin
General Manager
Le Pavillon Hotel
